

Moved (movement, move). Shipped, offered for shipment, received for transportation, transported, carried, or allowed to be moved, shipped, transported, or carried.

Person. Any association, company, corporation, firm, individual, joint stock company, partnership, society, or any other legal entity.

Quarantined area. Any State, or any portion of a State, listed in § 301.51-3(c) of this subpart or otherwise designated as a quarantined area in accordance with § 301.51-3(b) of this subpart.

Regulated article. Any article listed in § 301.51-2(a) of this subpart or otherwise designated as a regulated article in accordance with § 301.51-2(b) of this subpart.

State. The District of Columbia, Puerto Rico, the Northern Mariana Islands, or any State, territory, or possession of the United States.

§ 301.51-2 Regulated articles.

The following are regulated articles:

(a) Firewood (all hardwood species), and green lumber and other material living, dead, cut, or fallen, inclusive of nursery stock, logs, stumps, roots, branches, and debris of half an inch or more in diameter of the following genera: *Acer* (maple), *Aesculus* (horse chestnut), *Betula* (birch), *Hibiscus syriacus* L. (Rose of Sharon), *Malus* (apple), *Melia* (chinaberry), *Morus* (mulberry), *Populus* (poplar), *Prunus* (cherry), *Pyrus* (pear), *Robinia* (locust), *Salix* (willow), *Ulmus* (elm), and *Citrus*.

(b) Any other article, product, or means of conveyance not covered by paragraph (a) of this section if an inspector determines that it presents a risk of spreading Asian longhorned beetle and notifies the person in possession of the article, product, or means of conveyance that it is subject to the restrictions of this subpart.

[62 FR 10416, Mar. 7, 1997, as amended at 62 FR 60764, Nov. 13, 1997]

§ 301.51-3 Quarantined areas.

(a) Except as otherwise provided in paragraph (b) of this section, the Administrator will list as a quarantined area in paragraph (c) of this section, each State or each portion of a State in which the Asian longhorned beetle has been found by an inspector, in which

the Administrator has reason to believe that the Asian longhorned beetle is present, or that the Administrator considers necessary to regulate because of its inseparability for quarantine enforcement purposes from localities where Asian longhorned beetle has been found. Less than an entire State will be designated as a quarantined area only if the Administrator determines that:

(1) The State has adopted and is enforcing restrictions on the intrastate movement of regulated articles that are equivalent to those imposed by this subpart on the interstate movement of regulated articles; and

(2) The designation of less than an entire State as a quarantined area will be adequate to prevent the artificial interstate spread of the Asian longhorned beetle.

(b) The Administrator or an inspector may temporarily designate any nonquarantined area as a quarantined area in accordance with the criteria specified in paragraph (a) of this section. The Administrator will give written notice of this designation to the owner or person in possession of the nonquarantined area, or, in the case of publicly owned land, to the person responsible for the management of the nonquarantined area. Thereafter, the interstate movement of any regulated article from an area temporarily designated as a quarantined area is subject to this subpart. As soon as practicable, this area either will be added to the list of designated quarantined areas in paragraph (c) of this section, or the Administrator will terminate the designation. The owner or person in possession of, or, in the case of publicly owned land, the person responsible for the management of, an area for which the designation is terminated will be given written notice of the termination as soon as practicable.

(c) The following areas are designated as quarantined areas:

New York

New York City. That area in the boroughs of Brooklyn and Queens in the city of New York that is bounded as follows: Beginning at the point where the Manhattan Bridge intersects the shoreline of the East River; then south

from the Manhattan Bridge along Flatbush Avenue to Lafayette Avenue; then east along Lafayette Avenue to Himrod Street continuing northeast along Himrod Street to Myrtle Avenue; then east along Myrtle Avenue to Fresh Pond Road; then north along Fresh Pond Road to Flushing Avenue; then northeast along Flushing Avenue to Grand Avenue; then along Grand Avenue to 69th Street; then north along 69th Street to Queens Boulevard; then west along Queens Boulevard to the Queensbrough Bridge and the East River; then south and west along the shoreline of the East River to the point of beginning.

Nassau and Suffolk Counties. That area in the villages of Amityville, West Amityville, North Amityville, Copiague, Massapequa, Massapequa Park, and East Massapequa; in the towns of Oyster Bay and Babylon; and in the counties of Nassau and Suffolk that is bounded as follows: Beginning at a point where Riviera Drive West intersects with the shoreline of the Great South Bay; then north along Riviera Drive West to Strong Avenue; then north along Strong Avenue to Marconi Boulevard; then west along Marconi Boulevard to Great Neck Road; then north and northwest along Great Neck Road to Southern State Parkway; then west along Southern State Parkway to Broadway; then south along Broadway to Hicksville Road; then south along Hicksville Road to Division Avenue; then south along Division Avenue to the Great South Bay; then east along the shoreline of the Great South Bay to the point of beginning.

§301.51-4 Conditions governing the interstate movement of regulated articles from quarantined areas.

(a) Any regulated article may be moved interstate from a quarantined area only if moved under the following conditions:

(1) With a certificate or limited permit issued and attached in accordance with §§301.51-5 and 301.51-8;

(2) Without a certificate or limited permit if:

(i) The regulated article is moved by the United States Department of Agri-

culture for experimental or scientific purposes; or

(ii) The regulated article originates outside the quarantined area and is moved interstate through the quarantined area under the following conditions:

(A) The points of origin and destination are indicated on a waybill accompanying the regulated article; and

(B) The regulated article is moved through the quarantined area without stopping, or has been stored, packed, or handled at locations approved by an inspector as not posing a risk of infestation by Asian longhorned beetle; and

(C) The article has not been combined or commingled with other articles so as to lose its individual identity.

(b) When an inspector has probable cause to believe a person or means of conveyance is moving a regulated article interstate, the inspector is authorized to stop the person or means of conveyance to determine whether a regulated article is present and to inspect the regulated article. Articles found to be infected by an inspector, and articles not in compliance with the regulations in this subpart, may be seized, quarantined, treated, subjected to other remedial measures, destroyed, or otherwise disposed of.

§301.51-5 Issuance and cancellation of certificates and limited permits.

(a) An inspector¹ or person operating under a compliance agreement will issue a certificate for the interstate movement of a regulated article if he or she determines that the regulated article:

(1)(i) Is apparently free of Asian longhorned beetle in any stage of development, based on inspection of the regulated article; or

(ii) Has been grown, produced, manufactured, stored, or handled in such a manner that, in the judgment of the inspector, the regulated article does not

¹Inspectors are assigned to local offices of APHIS, which are listed in local telephone directories. Information concerning such local offices may also be obtained from the Animal and Plant Health Inspection Service, Plant Protection and Quarantine, Domestic and Emergency Operations, 4700 River Road Unit 134, Riverdale, Maryland 20737-1236.
